

Refer to Old Hospital Site/Myilly Terrace Focus Area on page number 49 for further information on land uses for site. Feedback sought on future land use options.

Refer to Former Tank Farm Focus Area on page number 58 for further information on land uses for site. Feedback sought on future land use options.

VISION
 Central Darwin is a thriving locality that embraces its unique character through quality built and public spaces, a strong sense of place and history, and an enduring connection to the natural environment.

Central Darwin provides a full range of facilities and services as the Northern Territory's dominant commercial, cultural, administration, tourist, and civic centre.

Darwin will further develop its identity as a capital city and international destination in a tropical and near Asian context.
